

# Blomstergard Weekly Bouquet Subscription

If you don't know much about our farm we are a small, woman owned farm that grows unique and specialty flowers with sustainable, no till practices. We never use chemicals or anything artificial in our field. We add natural amendments of leaf mulch, clay, leaves, kelp, and fish emulsion for added nutrients. All the flowers are harvested and handled with care the day before pick up and arranged uniquely just for you!

We offer pick up at two locations:

- 1) Our home – located currently in Michigan City, we will be moving at some point this season onto the farm in north LaPorte! Pick up will move there.
- 2) Acorn Acres Farm Store – Wednesday delivery of flowers can be picked up Wednesday afternoon – their hours on the weekend at your convenience.
